It is with great concern that I plead with you not to allow the Consumer Bank Assoc. or any entity to change any laws or rules in place that protect our privacy!

Many people have fought and spent lots of time and effort to put these protections in place to give us some sort of privacy.

Yet the money is being spent to try to tear down our hard earned privacy rights. If we need the assistance from these organizations, we can call them or look at their many other mass mailings that we still have to put up with.

We don't need them invading our homes again, and interrupting our live's, our dinners, our childrens nap times, with sales pitches, and many times persistent calling.

We are an educated public and we are already annoyed by TV, Radio, Mail, Bill Boards, Flyer Hand Outs on our cars and while we shop.

Give us a break and stop these unthinking groups from further interruption of our family lives.

Your assistance in this matter is appreciated.

Thank You;

Sincerely: Frank Osborn
